LOSS OF CONTROL

**Stall, Superstall, Spin
and Coffin Corner**

Come and listen to our Trans-Canada (McKee) Trophy award-winning speaker as he explains in graphic detail the deadly secrets of stalling. He will begin in the late 1800s and progress to the 21st Century. Many accidents, some very recently, have been attributed to loss of control. Not to be missed!

Allan Baker flew 9,000 hours on 100 types of aircraft in 47 years. He worked for Ranger Oil, International Jet Air, Eastern Provincial Airways, Transport Canada, British European Airways and was Senior Test Pilot on Canadair's *Challenger* jet.

THURSDAY, 19 MARCH 2015

7:00 p.m.
